

*It's not the 50s anymore.
What are your kids
doing after school?*

Your voice is needed!

Join parents, teachers, law enforcement officers, and many others who care about kids to discuss what you'd like to see Iowa do for youth and afterschool. We're creating Iowa's Blueprint for Afterschool, and your vision is a crucial part of the process. Don't miss this opportunity to share the needs of kids in western Iowa with state and community leaders.
